FuelEU compliance doesn't have to be complex. OceanScore's FuelEU Pooling Marketplace lets you match with other shipping companies to share compliance surplus, all with transparent pricing and terms, and legally sound contracts.

Designed to support real-world operations, it offers flexibility, cost control, and a smarter way to meet FuelEU obligations.

"OceanScore's Pooling Marketplace allowed us to connect with pooling partners and browse deals in an efficient, transparent manner. Now, with OPX, we also have the market visibility to measure prices against and plan our FuelEU compliance with confidence."
